NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

Three months ended March 31, 2025 and 2024

(Unaudited) (All figures expressed in Canadian dollars unless otherwise noted)

1. CORPORATE INFORMATION

White Owl Energy Services Inc. (“White Owl”) was incorporated under the Business Corporations Act of the province of Alberta on September 26, 2013 (together with its subsidiaries, the “Company”). White Owl Energy Services, Inc. (“White Owl (US)”) was incorporated under the laws of the state of North Dakota on September 24, 2013. On November 1, 2013, White Owl acquired all the issued and outstanding shares of White Owl (US) by a share purchase agreement.

The Company is headquartered in Calgary, Alberta and is actively involved in the collection, processing, and disposal of oilfield waste in North Dakota. The Company’s registered office is 1150, 1122 – 4th Street SW, Calgary, AB T2R 1M1.

2. BASIS OF PRESENTATION

These condensed consolidated interim financial statements (“consolidated financial statements”) have been prepared in accordance with IFRS[®] Accounting Standard 34, “Interim Financial Reporting”, as issued by the International Accounting Standards Board. Accordingly, certain information or footnote disclosure normally included in the annual consolidated financial statements prepared in accordance with IFRS Accounting Standards have been condensed or omitted.

The consolidated financial statements include the financial statements of White Owl, its subsidiaries and the Company’s proportionate share of the accounts of its joint operations.

These consolidated financial statements should be read in conjunction with the Company’s audited consolidated financial statements for the year ended December 31, 2024.

The consolidated financial statements have been prepared using the same accounting policies and methods as those used in the audited consolidated financial statements for the year ended December 31, 2024. The consolidated financial statements have been presented in Canadian dollars, which is also the Company’s functional currency, unless otherwise indicated.

The consolidated financial statements were approved and authorized for issuance by the Board of Directors on May 13, 2025.

3. JOINT OPERATION

Acquisition

On June 1, 2024, White Owl and North Dakota SWD Well #1, LLC (“ND SWD Well #1”) entered into a joint venture for the purposes of upgrading, operating, decommissioning, and reclaiming (at the end of the joint venture) a saltwater disposal facility located near Killdeer, North Dakota (“Killdeer joint venture”). In exchange for a 50% participating interest in the Killdeer joint venture, the Company paid \$272,700 (US\$200,000) to ND SWD Well#1 and committed to spending an additional US\$800,000 (US\$400,000 net to White Owl) (the “initial expenditure”) to the joint venture to complete plant turnaround activities and maintenance work. White Owl shall be entitled to distributions from net cash flow of 80% before pay-out of the initial expenditure and 50% after pay-out (see *Amendment to Killdeer Joint Venture Agreement* below). An operating committee governs the Killdeer joint venture with an appointee from each of White Owl and ND SWD Well#1. Decisions of the operating committee require unanimous consent of the appointees.

The acquisition is considered a business combination under IFRS as the assets meet the definition of a business. The acquisition has been accounted for using the acquisition method of accounting, whereby the assets acquired, and the liabilities assumed were recorded at their estimated fair values. White Owl determined the following estimated fair values of the net assets acquired and liabilities assumed based on management's best estimate of fair value and available external documentation, which takes into consideration the condition of the assets acquired, current industry conditions and the discounted future cash flows expected to be received for the assets and expended to settle the outstanding liabilities.

The following table sets out the details of the above acquisition including the consideration given and allocation of the purchase price to the fair value of the assets acquired and liabilities assumed:

The Company accounts for this joint arrangement as a joint operation and accounts for its interest in the Killdeer joint venture by recognizing its share of assets, liabilities, revenues and expenses of the joint operation.

At March 31, 2025, the Company has recorded \$348,873 (December 31, 2024 - \$266,145) in amounts owing from the Killdeer joint venture. These amounts have been recorded at the exchange amount, which is the amount of consideration established and agreed to by the related parties, and is equal to fair value.

Disposition

Effective June 1, 2024, the Company disposed of a 50% effective interest in White Owl's 50% participating interest in the Killdeer joint venture for \$409,050 (US\$300,000) which reflects the partner's 50% share of the \$818,100 (US\$600,000) in consideration that White Owl is obligated to pay to ND SWD Well#1 under the terms of the Killdeer joint venture agreement. In addition, the partner paid cash of \$272,700 (US\$200,000) to White Owl for its 25% share of White Owl's initial expenditure to the Killdeer joint venture, this amount is recorded in trade and other payables and will be decreased as White Owl incurs the initial expenditure costs to complete the plant turnaround activities and maintenance work. The partner's economic interest is equivalent to a 25% interest in the Killdeer joint venture. The partner, indirectly via White Owl, is entitled to a 25% share of the Killdeer joint venture assets and liabilities and distributions from net cash flow (40% before pay-out of the initial expenditure and 25% after pay-out).

The following table summarizes the effect of the disposition of the joint operation interest on the financial position of the Company:

Amendment to Killdeer Joint Venture Agreement

Effective September 1, 2024, due to the Killdeer disposal well requiring remedial work which is estimated at a gross cost of US\$1,000,000, the following amendments were made to the Killdeer joint venture agreement:

- The remedial work of US\$1,000,000 will be paid 75% (US\$750,000) by ND SWD Well #1 and 25% (US\$250,000) by White Owl;
- White Owl shall be entitled to distributions from net cash flow of 50% until the date that ND SWD Well #1 has recouped its net share of the remedial costs paid of US\$750,000; and
- Once ND SWD Well #1 has recouped its net share of the remedial costs paid of US\$750,000, White Owl shall be entitled to distributions from net cash flow of 80% before pay-out of the initial expenditure and 50% after pay-out.

White Owl's 50% partner in the Killdeer joint venture is obligated to pay 50% (US\$125,000) of White Owl's US\$250,000 payment for the disposal well remedial work and will be entitled to a 25% share of distributions from net cash flow of the Killdeer joint venture until ND SWD Well #1 has recouped its net share of the remedial costs paid of US\$750,000.

On January 1, 2020, White Owl acquired an additional 15% interest in the Tioga Joint Venture. As part of the acquisition the Company allocated \$308,082 to intangible assets for customer relationships in the Tioga Joint Venture. The intangible assets were amortized over five years.

6. OPERATING LOAN

The Company has a US\$1,000,000 revolving demand facility bearing interest, payable monthly, at the US prime rate plus 2.25% ("operating loan"). The total outstanding on the operating loan will not at anytime exceed the lesser of the margin requirements as defined in the loan agreement and US\$1,000,000. As at March 31, 2025, the Company's borrowing limit under the operating loan was US\$1,000,000 (December 31, 2024 - US\$1,000,000). The Company had drawn \$nil on the operating loan at March 31, 2025 (December 31, 2024 - \$nil).

The following are the financial covenants governing the operating loan, all capitalized terms are defined in the operating loan agreement:

- Quarterly trailing Cash Flow Coverage Ratio of not less than 1.25:1.00;
- Annual Debt to Tangible Net Worth Ratio not greater than 3.00:1.00; and
- Annual Current Ratio not less than 1.25x.

7. LONG-TERM DEBT

The Company has a term loan that bears interest on the outstanding principal balance, payable monthly, at the US dollar floating base rate plus 1.50%. Monthly principal payments of US\$106,940 are due until maturity. Additional annual principal payments are required for 50% of excess cash flow ("ECF") realized by White Owl to a maximum of US\$500,000. The annual ECF limit is calculated as EBITDA less US\$350,000 of maintenance capital expenditures and principal and interest payments on long-term debt and operating loan. The annual ECF principal payment is only due up to the amount that would not cause the Company to be in default with the debt covenants and financial requirements of the Company's lenders. Based on the financial results for the year ended December 31, 2024, an additional annual principal payment was payable by the Company in 2025, however the lender has waived the requirement for this payment. The Company is required to maintain at all times a fixed charge coverage ratio equal to or greater than 1.25:1.00. The Company incurred \$550,916 in transaction costs related to the issuance which will be amortized over the term of the loan using the effective interest method.

9. DEFERRED CONSIDERATION

In January 2019, the Company sold a nine percent royalty interest for \$1,795,635 (US\$1,350,000) of the saltwater disposal revenue from the Company's Watford City facility effective February 1, 2019. The Company has accounted for the royalty interest sale as deferred consideration. Deferred consideration is generated when a sale of a royalty interest linked to revenue at a specific facility occurs. Proceeds for sale of a royalty interest are an upfront payment received for future saltwater disposal services that will generate future royalties. The estimated future saltwater disposal revenues from the facility are multiplied by the royalty rate of 9% per annum to derive the upfront payment received, which is accounted for as deferred consideration and recognized as an offset to royalty expense over the life of the facility.

The Company's decommissioning liabilities were estimated by management based on the Company's estimated costs to remediate, reclaim and abandon the Company's facilities and estimated timing of the costs to be incurred in future periods. The Company has estimated the net present value of its decommissioning obligations at March 31, 2025 based on a total undiscounted future liability of \$3,057,947 (December 31, 2024 – \$3,075,672). These costs are expected to be incurred in approximately one to 15 years (December 31, 2024 – one to 15 years). The Company used a risk-free interest rate at March 31, 2025 of 4.43% (December 31, 2024 – 4.72%) and an inflation rate of 2.00% (December 31, 2024 – 2.00%) to calculate the net present value of its decommissioning liabilities.

13. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

Net investment in foreign operations

The Company hedges its net investment in foreign operations with US dollar denominated debt that has a carrying value excluding unamortized transaction costs of \$1,954,328 (US\$1,359,438) at March 31, 2025 (December 31, 2024 - \$2,417,723 (US\$1,680,258)). No hedge ineffectiveness was recognized during the three months ended March 31, 2025 and 2024.

Financial instruments and risk management

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk, foreign currency risk, interest rate risk and commodity risk. The Company's overall risk management program focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance.

Risk management is carried out by senior management.

Fair values

The Company's financial instruments recognized on the condensed consolidated interim statement of financial position consist of cash and cash equivalents, trade and other receivables, promissory note, deposits, operating loan, trade and other payables, contingent liability, long-term debt, lease liabilities and deferred consideration. The fair values of the cash and cash equivalents, trade and other receivables, promissory note, deposits, operating loan, contingent liability and trade and other payables approximate their carrying value due to the short-term or demand nature of these instruments. Long-term debt, lease liabilities and deferred consideration are carried at amortized cost.

The Company has classified its financial instrument fair values based on the required three level hierarchies:

- Level 1: Valuations based on quoted prices in active markets for identical assets or liabilities;
- Level 2: Valuations based on observable inputs other than quoted active market prices; and
- Level 3: Valuations based on significant inputs that are not derived from observable market data, such as discounted cash flows methods.

The fair value hierarchy level at which a fair value measurement is categorized is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. The Company records cash and cash equivalents at fair value using level 1 inputs. There were no transfers from levels 1, 2 and 3 during the period.

Credit risk

Credit risk arises when a failure by counter parties to discharge their obligations could reduce the amount of future cash inflows from financial assets at the reporting date. A substantial portion of the Company's trade and other receivables balance is with customers in the petroleum industry and is subject to normal industry credit risks.

The Company manages its exposure to credit risk through standard credit granting procedures and short payment terms. The Company attempts to monitor the financial conditions of its customers and the industries in which they operate. The Company's maximum exposure to credit risk at March 31, 2025 was the total of cash and cash equivalents and trade and other receivables of \$7,744,644 (December 31, 2024 - \$7,351,713). The Company believes that there is no unusual exposure associated with the collection of the trade and other receivables. As at March 31, 2025, the Company has an allowance for doubtful accounts of \$nil (December 31, 2024 - \$nil).

Pursuant to the White Owl Epping Joint Venture Agreement ("Epping Agreement") dated July 18, 2018, White Owl as operator is responsible for the payment and discharge of all expenses of the joint venture and is entitled to be reimbursed for these expenses. Under the Epping Agreement, the Company will be reimbursed for all direct operating costs and will be paid an operating fee of 8% of the cost of operations and a fee of 3% of capital expenditures. As at March 31, 2025, trade and other receivables includes \$nil (December 31, 2024 - \$nil) in amounts invoiced to the joint venture owners for their proportionate share of operating losses and capital expenditures of the facility, while trade and other payables includes \$242,147 (December 31, 2024 - \$319,340) in amounts payable for operating income and capital expenditures of the facility.

14. CAPITAL MANAGEMENT

The Company's objective is to ensure adequate sources of capital are available to carry out its planned capital program, to achieve operational growth and increased cash flow so as to sustain future development of the business and to maintain shareholder confidence. The Company manages its capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of its assets. Management considers capital to be the Company's operating loan, lease liabilities, long-term debt and shareholders' equity as the components of capital to be managed. In order to maintain or adjust the capital structure, the Company may issue shares, raise debt and/or adjust its capital spending to manage its projected debt levels. There has been no change in how the Company manages its capital during the three months ended March 31, 2025.

The Company strives to manage its capital to meet the Company's objective and maintain compliance with the financial covenants contained within its debt facilities (see Note 6 & 7).
